

KL-6212A

KL-6212A Series

Model Item		
Optical fiber type	Single-mode	
Central wavelength (nm)	1310/1550	
Maximum dynamic range(dB)	30/28	
Event dead zone (m)	1.5	
Attenuation dead zone (m)	10	
Display screen type	3.5 inch color LCD, operation of the touch screen	
Optical interface	FC/UPC (can be interchanged to SC or ST)	
Test range (km)	0.5、 1、 2、 4、 8、 16、 32、 64、 128、 256	
Data storage	≥800 testing curves	
Communication interface	USB	
Visible red light source		
Output power	≥2mW	
Testing distance	≥5km	
Environmental adaptability		
Power supply mode	AC/DC adapter: alternating current:100V~240V (1.8A), 50/60Hz direct current: 19V±1V (2A) Internal lithium ion battery groups: 8.4V , 4400mAh	
Working duration of the battery	≥8hours	
Working temperature	-5°C~50°C	
Preserve temperature	-20°C~70°C	
Weight	≤1kg	
Volume	208mm×110mm×56mm	

Standard Configuration
